SLIDING MONSTERS

Welcome to planet Jellyton! Its inhabitants are square shaped monsters that come in Jelly or Fur. Although social with the occasional cannibalistic tendencies they like their privacy, because once they team up in clusters of 5 or more, they blow up!

Cluster Slide is a 7 column and 8 row slot with sliding symbols. Symbols slide from right to left and clusters of 5 or more generate wins. It comes with 5 wild features, multipliers and a wild drop bonus game.

There are 5 different Feature Wild symbols, each with a unique feature which activates when the Wild is part of a winning cluster.

X-iter™

X-iter™ allows players to jump right into the action with 5 different game modes ranging from 15x bet with 3 drops with a 5x multiplier to 300x Super Bonus.

Generator

All winning symbols contribute to fill the Generator. Each time the meter is filled, the Generator awards Feature Wild symbols.

Multiplicators

Generating 5 Wild Features in the same game round awards a x5 multiplier. Each activated Multiplier Wild symbol increases the total multiplier by 1.

BONUS GAME

3 Bonus Symbols trigger the Bonus Game with 3 Wild Drops. First drop adds three 1x1 wilds. Second drop adds two 2x2 wilds and the third drop adds one 3x3 wild. Bonus game can re-trigger!
