## Dream within a dream

What if you could pick your dreams? Where would your imagination take you? What treasures would you find down your Dream Lane?

Discover a rich assortment of pennies and pounds multiplied into infinity! But whatever you do, don't wake up!

Dream Diver is a 5 reel 4 rows dreamy slot. It comes with stacked wilds respins, a Pick Me Feature and a multi level bonus game.

Are you the ultimate Dream Diver?

**X-iter™**

X-iter™ allows players to jump right into the action with 5 different game modes ranging from a 5x bet with a guaranteed win up to a 500x Super Bonus where you are guaranteed the Dream Wheel.

3 Pick Me symbols trigger the Pick'n'Click feature which either awards an instant monetary win or triggers the bonus game.

The Stacked Wild appears on reels 2, 3 and 4, and is nudged in to cover the entire reel and awards a respin. Additional Stacked Wilds in respins make them sticky and award additional respins.

The bonus game consists of 6 levels. Five levels with Pick'n'Click items and one final Dream Wheel level.

In the bonus game, you collect gold coins and multipliers. The heart awards you an extra life. Hit Next to advance to the next level with higher multipliers. The alarm clock ends the bonus game.

## Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

## Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

## We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
